blueGear

Multifunction Bluetooth® v4.0 Multipoint Headset with Voice Prompt Technology & Docking Station

User Guide

Introduction

The real definition of Multi-function embodies the Promate blueGear *Bluetooth®* Headset. Running on *Bluetooth®* v4.0 with Multi-point Technology, it is engineered for professionals that require the most demanding communication platform. Fits precisely on the ear with an additional ear hook to set it in place, the blueGear also sits on a docking station for a stable charging input. Additionally it includes a convenient car air conditioning vent clip and a dash clip for a better placement inside the car. A *Bluetooth®* Headset that challenges the norms, Promate blueGear simply gets the job done in an executive style.
